

## **TOOL // Étudiant Formulaire d'Observation**

### **What is it used for?**

The teacher records key observations and comments on student performance during a variety of French activities.

### **How do you use it?**

The teacher records student names on the left side of the form and the behaviours that are the focus of the observation in the columns at the top.

The teacher may quickly capture the consistency of student behaviour using a checkmark key;  $\sqrt{+}$  for consistently / independently demonstrates behaviour,  $\sqrt{}$  for usually /with minimal prompts, and  $\sqrt{-}$  for sometimes/ with prompts.

The form allows space for teacher comments.
