

TOOL // 3-2-1- Junior/Intermediate Assessment For Learning

What is it used for?

The form provides the teacher with an “at a glance” assessment for learning of a particular lesson, media presentation or discussion.

How do you use it?

Students are asked to complete the page at the conclusion of a teaching/learning event. The forms then allow the teacher to quickly identify what has been learned, what questions remain and what type of thinking students are doing.

How do you adapt it to other subjects and topics?

This can be used in any subject area.
