

TOOL // Assessment Binder and Tracking Sheet

What is the tool?

Kindergarten Assessment Binder

What is it used for?

It is used to collate key assessment data on each student kept in an assessment binder. This allows the teacher to look at the whole student and areas of strength and weakness. It provides information to be shared with parents during a conference or classroom visit. The tool also supports the teacher in more easily summarizing performance for the reporting process.

How do you use it?

The sheet is divided into Language and Math. Each box represents a skill area for Kindergarten. The teacher summarizes the key performance task completed by the students which are contained under the tab section of the assessment binder in each area.

Name _____

Date _____

Language

Sounds	Sound Skills	Sight Words	PM Benchmarks

Math

Data Management & Probability	Measurement	Number Sense & Numeration	Patterning	Geometry & Spatial Sense
