Patterning Assessment

Name:_____   Date:_____

Expectation - P4.1 identify, create, reproduce, and extend repeating patterns through investigation, using a variety of materials

1) Teacher creates the beginning of a pattern core using coloured linking cubes.
    - Prompts – "What do you see?"   "What is a pattern?"   "Can you continue it?"

2) Prompt to create their own patterns – "Can you make another pattern?"

Observations of student making patterns:

Pattern Type	Identify	Extend	Reproduce	Create	Can you find the core?
